Leroy Anderson

AHCB Alums are invited to join us!

After Hours Community Band, founded in 1986, provides the opportunity for amateur musicians to enjoy, once again, the pleasure of playing in a band. The membership of the *AHCB* represents a broad spectrum of backgrounds including (but not limited to) nurses, educators, engineers, stay-at-home parents, remote workers, and retired individuals. The Band has a strong sense of community purpose and provides free musical entertainment at civic, charitable, and community events. In particular, the Band performs frequently at senior living communities, schools and veteran events bringing musical entertainment to that special audience.

New members are always welcome as openings become available. Any musician may join; there are no auditions or fees. Many members had not played their instruments in years, but through their involvement with this organization, rediscovered the enjoyment of performing in a fully instrumented concert band.
